

Risk ID	Category / Element	Risk Short Title	Description	Desired Outcome	Current Situation	Proposed Strategy
C00247	M2 Project Organisation	Clarity around what costs are covered in the pilot	Pilot participation in the Arini Method has been described as free of cost, but some EcoSocieties remain unsure what that actually includes, and what might still need to be funded locally (e.g., venue hire, materials, technology access, staff time). There is concern about the need for a clear, shared understanding of what financial and logistical responsibilities are covered centrally versus locally during the 6-month trial.	Ensure all parties know what's included vs. what requires local provision What Could Go Wrong? Hidden costs may disrupt planning or create delays	Pilot is stated as cost-free but unclear if all materials and trainer costs are included	Publish a checklist of covered vs. local costs with FAQs
