

Calabar-Abuja Highway - PHC Service

Locations – [SCALPED]

Calabar (Cross River State)

- Southern starting point of the highway.
- Major urban center known for its cultural heritage and tourism. [Nigerian Pilot](#)
- Serves as a hub for commerce and transportation in the southeastern region.

Ikom (Cross River State)

- A significant town along the route, approximately 200 km north of Calabar.
- Known for its agricultural activities, particularly cocoa production.
- Acts as a transit point for travelers heading towards the central regions.

Katsina Ala (Benue State)

- Located further north along the highway.
- Important for trade and agriculture, especially yam production.
- Serves as a connection between southeastern and central Nigeria.

Wukari (Taraba State)

- A town known for its historical significance and as the headquarters of the Jukun people. [Wikipedia](#)
- Engages in farming and fishing activities.
- Strategically located for facilitating movement between regions.

Numan (Adamawa State)

- Situated along the Benue River, providing vital river crossing infrastructure.
- Known for its sugar processing industry and agricultural contributions.
- Key area for commerce and transportation in northeastern Nigeria.

Abuja (Federal Capital Territory)

- Northern terminus of the highway.
- Nigeria's capital city, serving as the administrative and political center.
- Major hub for logistics, governance, and international relations.

These locations are pivotal points along the Calabar-Abuja Highway, contributing to its role in enhancing connectivity, trade, and development across multiple states in Nigeria.
